

(For SMEs, and Staff — aligned with CRAFTS project indicators)

SURVEY INTRODUCTION

Dear Sir or Madam:

Welcome to the online survey for the baseline data collection of the Climate Resilient Agri-Food Trade Promotion Support (CRAFTS) project.

The project aims to strengthen trade ecosystem services and improve export readiness of processed food SMEs in Indonesia and the Philippines, while facilitating market access to Canada for the Canadian sourcing companies and diversify trade and build resilient supply chains.

The e-survey is designed to provide useful information that will help assess Small & Medium-sized Enterprises (SMEs) capacity and their export readiness, improve project implementation and provide constructive recommendations in order to strengthen TFO Canada work in facilitating market access. Your participation in this e-survey is important.

The survey will take approximately **10-15 minutes** to complete. We kindly request that you respond to this survey by XXX. Your insights and responses are greatly appreciated and are valuable to the success of the programme.

Data privacy: The survey is anonymous. All survey responses are strictly confidential. All reports on survey results will be aggregated and never reported at the individual response level. Survey responses are collected through KoboToolbox. Information is being collected for the purpose of collecting input for the CRAFTS project and will not be used for any other purpose.

If you have any questions about this survey, you can contact us at
arnelle.blain@tfocanada.ca

Thank you for your valuable contribution to this important survey!
