

(For TSIs, and Staff — aligned with CRAFTS project indicators)

SURVEY INTRODUCTION

Dear Sir or Madam:

Welcome to the online survey for the baseline data collection of the Climate Resilient Agri-Food Trade Promotion Support (CRAFTS) project.

The project aims to strengthen trade ecosystem services and improve export readiness of processed food SMEs in Indonesia and the Philippines, while facilitating market access to Canada for the Canadian sourcing companies and diversify trade and build resilient supply chains.

The e-survey is designed to provide useful information that will help assess Trade Support Institutions (TSIs) capacity and their export readiness, improve project implementation and provide constructive recommendations in order to strengthen TFO Canada work in facilitating market access. Your participation in this e-survey is important.

The survey will take approximately **10-15 minutes** to complete. We kindly request that you respond to this survey by XXX. Your insights and responses are greatly appreciated and are valuable to the success of the programme.

Data privacy: The survey is anonymous. All survey responses are strictly confidential. All reports on survey results will be aggregated and never reported at the individual response level. Survey responses are collected through KoboToolbox. Information is being collected for the purpose collecting input for the CRAFTS project and will not be used for any other purpose.

If you have any questions about this survey, you can contact us at arnelle.blain@tfocanada.ca

Thank you for your valuable contribution to this important survey!

SECTION A — RESPONDENT INFORMATION

1. What country do you work in?

- Indonesia
- The Philippines
- Other _____

2. Can you select a category which represents you best? (Please select from the list and provide the name of your institution/enterprise):

- Trade Support Institution (TSI)
- Agri technology Providers (ATPs)
- Other _____

3. What is your current position

- ATP staff
- ATP manager
- ATP Board member
- Organizational leaders
- Other _____

4. Please specify which gender you identify with

- Woman
- Man
- Non-binary
- Prefer not to say
- Other (please specify) _____

5. What age group do you belong to?

- 18-24 years
- 25-34 Years old
- 35-44 years old
- 45-54 years
- 55+ years

6. Do you consider yourself a member of an underrepresented group (for example Persons with Disabilities, Indigenous people, youth, etc..? If yes, please specify

- Yes (specify)

- No

SECTION B — TSI MODULE

B1. New or Improved Tools/Approaches/Services

Indicator: # of new or improved tools/approaches/services implemented by TSIs to strengthen trade support services delivered to SMEs (disaggregated by type)

B1.1 Does your institution currently have any tools, approaches, or services to support SMEs in the processed food sector? (Select all that apply.)

- Yes
- No

If YES:

B1.2 Which types of tools/approaches/services were implemented? (Select all that apply)

- Export readiness assessment tools
- Market intelligence tools
- Digital advisory platforms
- Environmental sustainability strategies
- Climate change resilience strategies
- Climate Change Action Plans
- Gender Action Plans (GAPs)
- Gender-responsive service delivery tools
- Climate-resilient business advisory tools
- Other (specify): _____

B1.3 How many tools/approaches or services do you currently has ?

- 0
- 1
- 2
- 3
- Other_____

B1.4 Please briefly describe each tool/service implemented:

- Tool/Service 1: _____
 - Tool/Service 2: _____
 - Tool/Service 3: _____
-

B2. Staff Capacity — Export Readiness Services

Indicator: % of TSI staff reporting improved capacity to deliver inclusive, gender-responsive, sustainable export readiness services

B2.1 How would you rate your current capacity to deliver inclusive, gender-responsive, and sustainable export readiness services to SMEs?

- Very low
 - Low
 - Moderate
 - High
 - Very high
-

B3. Staff Capacity — Climate Resilience

Indicator: % of TSI staff reporting improved capacity to support SMEs in adopting climate resilience measures

B3.1 How would you rate your capacity to support SMEs in adopting climate-resilient practices?

- Very low
- Low
- Moderate
- High
- Very high
